LiTYARD[®] 2 Wi-Fi

Wi-Fi Outdoor Lighting Controller

LiTYARD 2 Wi-Fi enables seamless control of Spa Electrics MULTI PLUS LED lights directly from your smartphone. The LiTYARD 2 Wi-Fi Lighting Controller powers your external Wi-Fi hub, ensuring optimal range and reliable connectivity. With a dual-zone pool/spa channel function, you can manage lights independently or simultaneously. Schedule your lighting preferences with ease—set it and forget it!

CONTROLLER AND 100W TRANSFORMER

Power & Control for up to 6 Spa Electrics LED Lights

External Wi-Fi HUB

The external Wi-Fi HUB ensures connectivity to the system in challenging installations, by allowing the HUB to be located in a more convenient location

SIMPLE APP, POWERFUL CONTROL

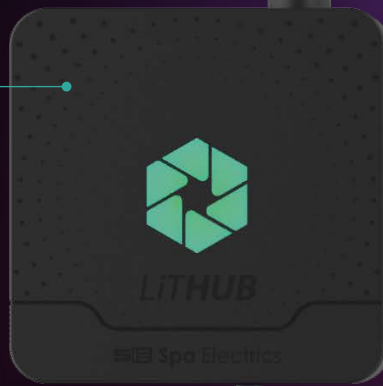

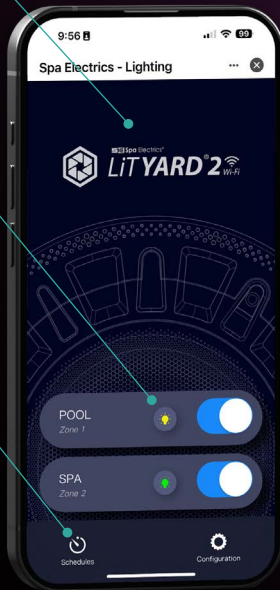

Control your pool & spa lights from anywhere with the easy-to-use Smart Life[®] app

POOL & SPA CHANNEL SELECTION

Independently control two zones for personalized lighting in different areas

CUSTOM SCHEDULES

Set and forget schedules for effortless automation

SUITABLE FOR NEW AND EXISTING POOLS WITH SPA ELECTRICS MULTI PLUS LIGHTS
