Module

Simple & Secure Installation

The **Retro R10A** uses an innovative spring hook and top screw mechanism to securely attach to the existing AquaLumin mounting plate.

Quick Connect Plug

Say goodbye to changing cables forever with Retro R10A's **Quick Connect Plug**. Connecting to the existing pool light cable in the niche, the UL Listed Quick Connect Plug ensures fast and reliable installation while also enabling easier future servicing in the field.

The **Retro R10A** is specifically engineered as a surface-mount retrofit, designed to serve as a direct replacement for the discontinued low-voltage AquaLumin fixture by Pentair®. It addresses a critical gap in the market left by AquaLumin's phase-out.
