 Spa Electrics

VINYL &
FIBERGLASS

TITAN

The **TITAN** Series from Spa Electrics, represents the culmination of over 40 years experience in underwater lighting design. Its robust design is sleek and unobtrusive, with its transparent facade allowing it to seamlessly blend into any pool design.

Featuring a host of technically advanced features, including an titanium heat sink for maximum cooling and LED longevity, with detachable plug and curly cable for hassle-free service and German engineered LED's and optics for superior light distribution and performance.

The **TITAN** Series is designed and manufactured in Australia and backed by Spa Electrics' industry leading customer care network. For more information on the **TITAN** Series and our other products, please visit www.spaelectrics.com.

SIMPLE INSTALLATION

Large colored rim conceals bulkhead for a clean, modern look.

BUILT SMART

The innovative Curly Cable with Quick-Connect Plug Assembly allows light removal above the waterline without pulling the cable, ensuring quick, hassle-free maintenance.

BUILT POWERFUL

Enhance light performance and durability with **TITAN's** water-cooled titanium heat sink.

The **TITAN Series** is designed and manufactured in Australia and backed by Spa Electrics' industry leading customer care network.
